Founder & CEO

Eng. Mostafa Ali is the founder and Chief Executive Officer of Gsoor Development, established in 2011. As an entrepreneur in the construction and project management field, he possesses a clear vision focused on delivering integrated construction solutions that align with market developments and meet the highest standards of quality and efficiency.

He believes that the success of any project lies not only in excellent execution but also in strategic planning, strict adherence to deadlines, and the cultivation of long-term relationships built on trust and professionalism—both within Egypt and internationally.

He is constantly committed to enhancing work tools, developing innovative implementation methods, and delivering added value to every project under his leadership.
